Conditions of Permit

Violation of these permit terms, conditions, requirements, or special provisions, including producing amounts of groundwater in excess of the authorized groundwater production of this permit, is punishable by civil penalties as provided by the Rules of the District and revocation of this permit.

Calhoun County Groundwater Conservation District

131-A N. Virginia St., Port Lavaca, Texas 77979

P.O. Box 1395, Port Lavaca, Texas 77979

Phone (361) 482-0357 | Fax (361) 482-0303 | www.calhouncountygcd.org

The subject wells of this permit shall be accessible to district representatives for the purposes of collecting groundwater samples and the well owner agrees to cooperate fully in any reasonable efforts to collect groundwater samples from the subject wells by representatives of the District.

The well owner shall not operate the subject wells unless groundwater production is monitored in a manner sufficient to satisfy the groundwater production reporting requirements of the Rules of the District.

Groundwater production from the subject wells shall be reported to the District in accordance with the Rules of the District.

The application pursuant to which this permit has been issued is incorporated into this permit. This permit is granted on the basis of and is contingent upon the accuracy of the information supplied in the application.

Special permit terms and conditions that are determined to be inconsistent with the Rules of the District shall prevail.

This permit is conditioned upon the permit holders complying with the Rules of the District and regulations of the State of Texas, as amended, applicable to operating and maintaining water wells within the District.

This permit confers only the right to use the permitted well under the provisions of the Rules of the District and according to the terms of this permit.

The permit term and conditions of this permit may be modified or amended pursuant to the Rules of the District.

The permit holder is authorized to operate the specified wells in accordance with the following conditions and provisions:

Groundwater Use and Aggregate Production Conditions	
Authorized Purpose of Use:	Public Water System / Municipal Uses
Maximum Rate of Aggregate Production per Minute:	1,750 gallons per minute
Maximum Rate of Aggregate Production per Year:	890 acre-feet per year

Special Provisions:

The operation of the subject well field of this permit is subject to conditions of waiver WV-2022114-01. This permit shall expire 90 days after the end of the production period as defined in waiver WV-2022114-01.

This permit shall be administratively amended to update the information related to the permitted wells after construction and registration of the wells.

Calhoun County Groundwater Conservation District

131-A N. Virginia St., Port Lavaca, Texas 77979

P.O. Box 1395, Port Lavaca, Texas 77979
